Geneva, November 17, 2008

Dear Dr. Hoang van Huan

The Memorandum signed on September 12, 2008 in Hanoi,

between IPCN – Investment Promotion Center, North Viet Nam – Foreign Investment Agency -
Ministry of Planning and Investment,
and ECOVIETNAM Association & International Centre For Multi-forms, Multi-sectors,
Exchanges and Cooperation with Viet Nam

connecting ECOVIETNAM with IPCN-MPI and Viet Nam

should be certainly, a New, Interesting Ecovietnam's Start Point, for Multiple Immediate
Concrete and Interesting Multi-Forms, Multi-Sectors, Exchanges and Cooperation Projects with
Vietnam, planned and animated by ECOVIETNAM and IPCN, not only from Geneva, from
Switzerland, from Viet Nam naturally, but still from other countries, because Geneva is an
International, United Nations City, a very dynamic, multi-platforms international Carrefour.

And so then, while acting and proving with its global, national development schema, in the
Vietnam context, ECOVIETNAM should contribute concretely, substantially, together with the
Viet Nam people, on their construction way for an industrialized Viet Nam around the year of
2020 as proclaimed recently by our Viet Nam Government.

Looking forward to your immediate, active, strong, effective cooperation,
and with our best, warmest greetings and wishes from ECOVIETNAM Committee.
